Juan Carlos Munguia
CONTINUOUS IMPROVEMENT CONSULTING

SERVICES 2026

When the team already has the metrics, but not the results.

Fifteen years running service operations in fintech, mobility and large-scale BPO. I work with your team, not above it: the point is that the operation keeps working after I'm gone.

This menu covers **Engineering the Business Experience**: Lean Six Sigma and COPC-aligned Yellow, Green and Black Belt programs. Programs for your people and your customers are at jcmunguia.com.

Juan Carlos Munguia
CONTINUOUS IMPROVEMENT CONSULTING

Sized to your team.

2 MONTHS Yellow Belt program — Diagnosis & roadmap

Teams up to 30 people · one contained problem: one KPI, one channel or one process

- Diagnosis using your own data, plus interviews with the team
- Process map, Pareto and root cause, applied to your KPI
- Prioritized 90-day plan with owners, and one quick win delivered
- Internal Yellow Belt certification for team leads and analysts
- One weekly session with you

4 MONTHS Green Belt program — Implementation

Teams of 30 to 150 people · one or two processes, or a new channel

- Everything in the Yellow Belt program
- Quality framework aligned to COPC and ISO 9001 practices
- QA calibration, capability and control charts
- Metrics dashboard and a daily and weekly review routine
- Internal Green Belt certification: each participant leads a DMAIC project
- Fortnightly support through execution

For large operations.

6 MONTHS **Black Belt program** Scale & sustain

More than 150 people · full accounts, sites or regions, multi-channel operations, shared services or service delivered by a BPO

- Everything above
- Strategy deployment linking yearly goals to projects and owners
- End-to-end operating model
- QA with speech analytics and automation
- Building the manager layer and your own Green Belt coaches
- Internal Black Belt certification, documented handover and close

> If the system you already have has been running for more than 6 months, the engagement is not extended. If a new tool or vendor is needed, the contract can extend to 12 months to cover procurement and implementation.

Certifications are internal: they certify competence inside your organization and are not accredited third-party certifications. COPC® is a registered trademark of COPC Inc.; these programs follow practices aligned with its published CX Standard and do not grant COPC certification.

Three steps.

1. A 30-minute call, at no cost, to understand the problem.
2. Proposal within 5 business days: scope, deliverables, schedule and investment.
3. We start with the data and the tools you already have; I don't ask for new systems.

> If one is needed, it comes with a minimum of 3 to 6 months of implementation to align it, tune it and leave it under control, including my exit transition.

How we work.

Two-month renewable contract, with the package as the horizon and a maximum of twelve months per client.

Remote, with in-person sessions in Mexico City and the option of one week on site per month. Travel outside Mexico City at the client's request and expense.

Confidentiality in writing. Your operation's data doesn't leave and isn't used as an example without your permission. I work in Spanish and English.

Results guarantee. If we don't reach the goals set in your signed plan, within the plan's timeline, you get back all fees paid for the program. It applies when the conditions agreed in the plan are met: access to the data, your team's time and the actions agreed with owners. Full terms in each proposal.

If after a year the operation still needs me, I didn't do my job.
